

CUSTOM ELECTRICAL INSULATION

# PTFE (TEFLON) TUBES

---

Technical data sheet - pure and filled PTFE tubing

---

**SINCE 2017**

**ISO 9001**

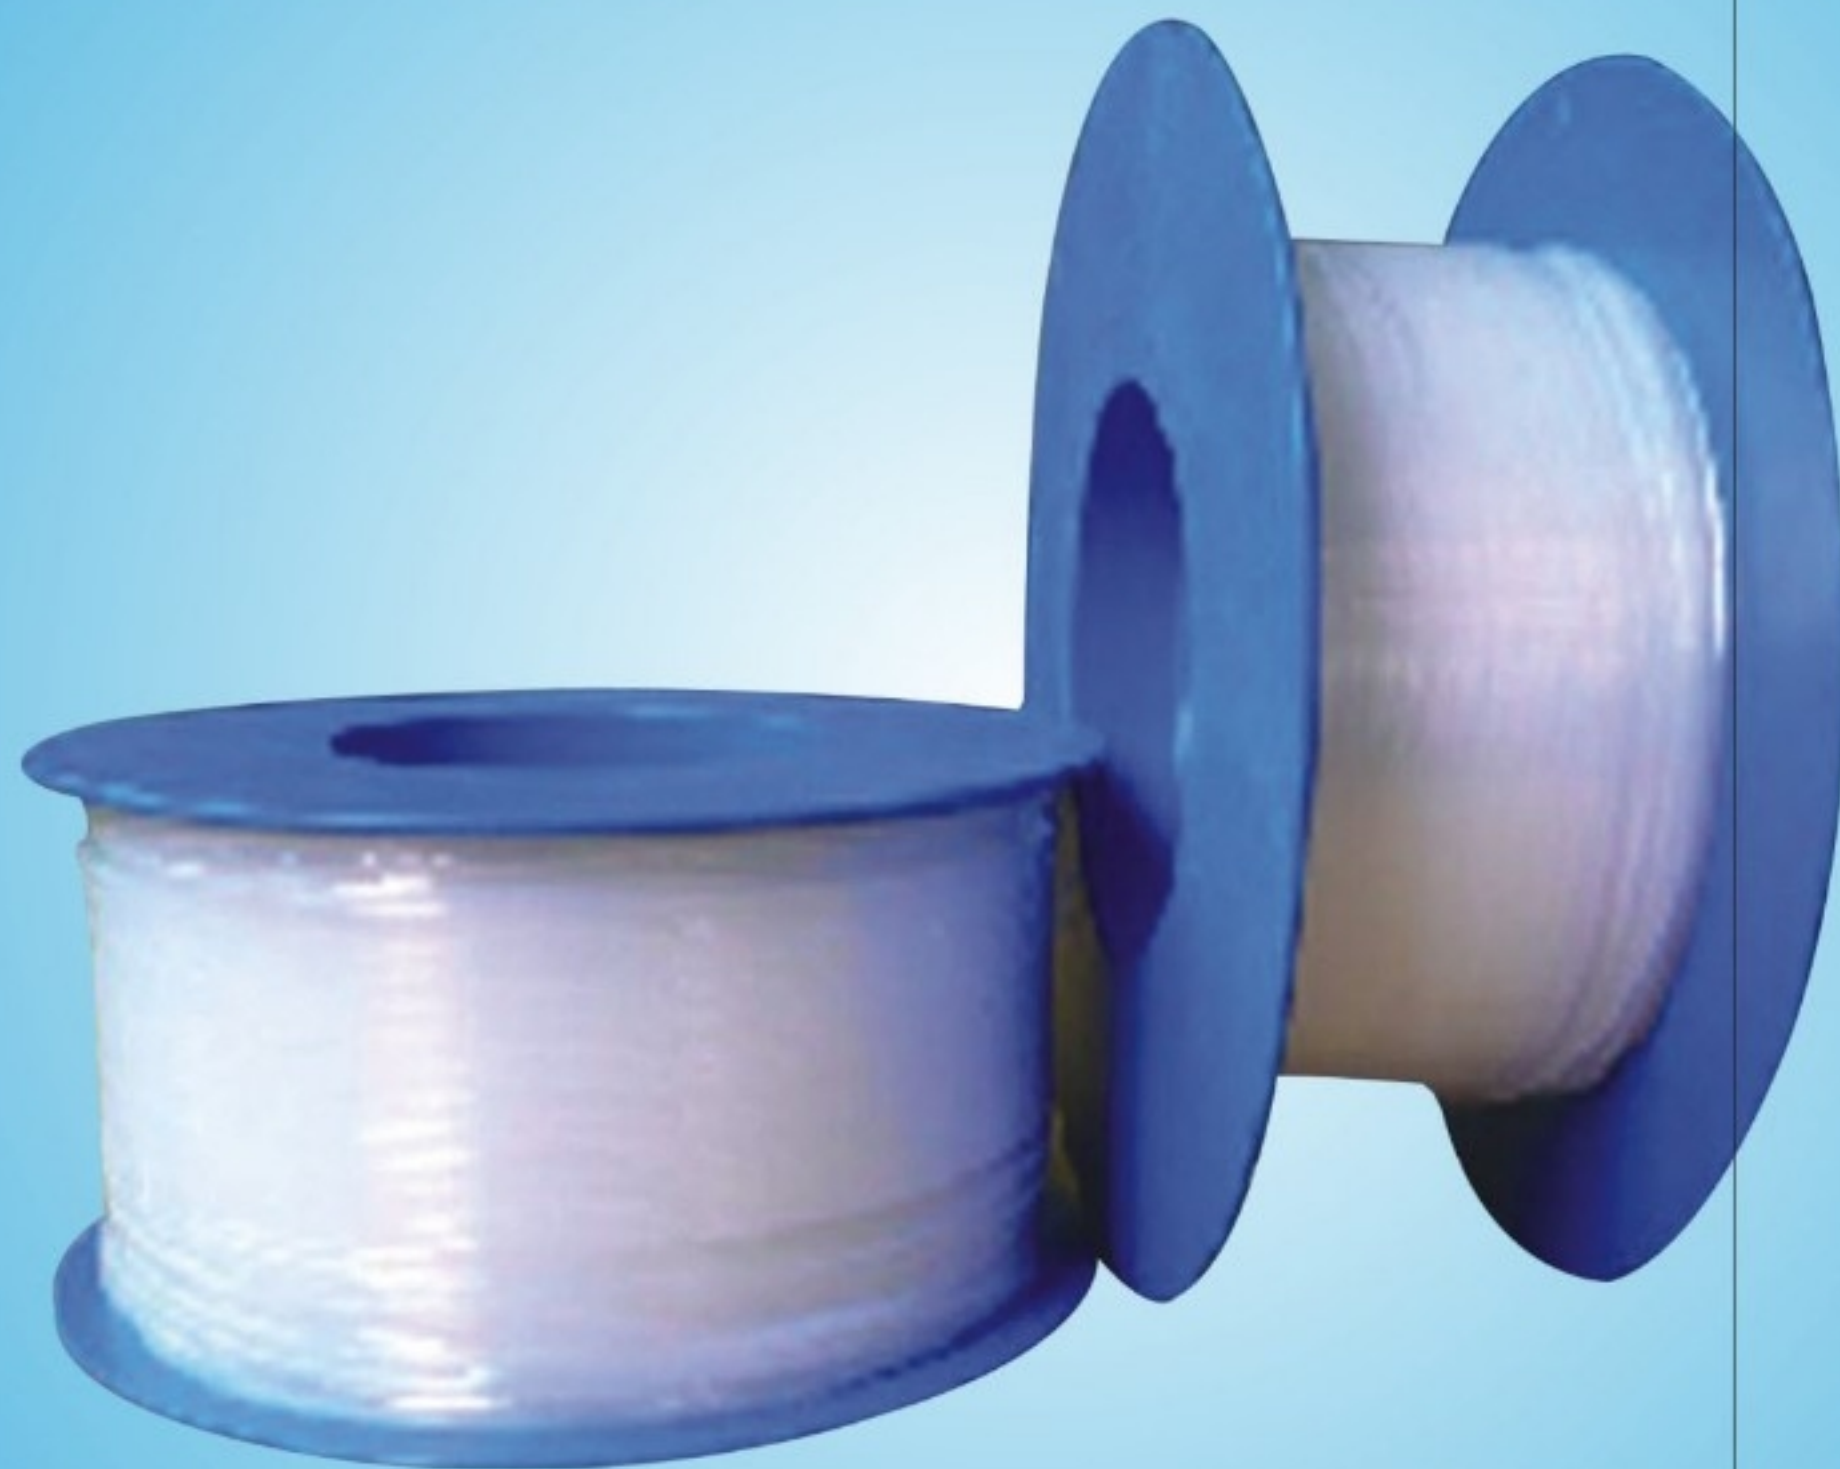

**OEM / ODM**

---

**Well Electric - WELLELE**

No. 196 Yingchun Road, Suzhou, Jiangsu, China

### 产品描述 Product description

- |                                                        |                                                                                                                                                                                 |
|--------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ① PTFE 套管通过挤出烧结而成套管                                    | ① When PTFE casing by extrusion sintering and complete tube                                                                                                                     |
| ② 工作温度: $-60^{\circ}\text{C} \sim 260^{\circ}\text{C}$ | ② Low working temperature: $-60^{\circ}\text{C} \sim 260^{\circ}\text{C}$                                                                                                       |
| ③ 额定电压: 150V 300V 600V                                 | ③ Low rated voltage: 150v, 300v, 600v                                                                                                                                           |
| ④ 产品具有耐高温、抗低温、抗强酸碱、耐高压、性能稳定且管壁超薄等优点。                   | ④ Products with high temperature resistance, low temperature resistance, strong acid and alkali resistance, Resistance to high pressure, stable performance and wall thin, etc. |
